

**501c3 Non-Profit Organization in the
State of Nevada**

ABOUT US

Social Influence Foundation provides free community events, programs, services that target young men and women 16-25, but not limited to the target age demographic. Our community initiatives also include an annual festival that focuses on providing resources for the LGBT+ community. All our programs and events focus on the betterment of targeted low-income community to further education, and self-development.

Mission Statement

To provide advocacy and human services to individuals in need to empower their lives, and to advance and strengthen the community.

Goals

Start Mentorship Programs

The goal is to be an open door for people between the ages of 16-25 seeking a place to find them and get back on the right track in life. However long it may take we will help develop the core values that they never had or looking to gain back.

- 1. Establish a mentorship program that will help people between the ages of 16-25 socially, emotionally, and academically.**
- 2. Provide a place of security to restore confidence through various developmental workshops. We will focus on academic tutoring, employee development, self-defense, and teaching financial responsibility.**
- 3. Create a loyal support system for our programs through fundraising publicly funded grants.**
- 4. Annual Galas, festival, and special events which will market to benefit THEM.**
- 5. Have an Office to facilitate meetings, and workshops**

If your organization is interested in having Social Influence Foundation host a community event please email us.

SIF is recruiting volunteer coordinators to be trained Interested applicants should email us for further information.
